

Quorum within a Quorum

Per the City Attorney and DONE

Since we have two factions that must adhere to this city rule as noted herein.

We cannot have more than five voting board members on any STANDING committee and no more than two voting members of a specific committee on a special or adoc committee.

Six voting board members make a quorum within the quorum with regard to the general board, and three voting members from the same committee on a special or adoc committee from the board also generates the same affect and is in violation of the FRESH HEARING RULE.
