LAHSA

Los Angeles Homeless Services Authority

TUESDAY, JULY 21 — 7:00 PM

LAHSA is navigating the most significant change in its history. With the creation of the County's new Department of Homeless Services and Housing, and the suspension of federal HUD funding, the landscape for homeless services in Los Angeles has been fundamentally transformed.

Join LAHSA for a virtual town hall meeting to hear about the agency's current role, priorities, and plans for the future. Learn how these changes may affect homeless services, housing programs, and the Encino community.

The meeting will also include updates on:

- The Sepulveda Basin
- The Greater Los Angeles Homeless Count
- What to do when you encounter someone experiencing homelessness in Encino

Bring your questions and hear directly from LAHSA leadership during this important conversation.

ONLINE VIA ZOOM
