To anyone that would like to present a project to the Encino Planning and Land Use Committee.

The purpose of the ENC PLU Committee is to allow a venue to anyone who wishes to present their project to our community and stakeholders, so that anyone can have a chance to review the project openly and voice their opinions. The PLU committee is made up of a group of volunteers from our community who will review your presented project. We as the ENC PLU are only advisory to our community and any vote taken is passed along to the city departments for their final decision in all matters related

The board has put together a list of documents we would like for anyone presenting to provide to us. We need these docs in a pdf form prior to the meeting so they can be reviewed and also printed out and presented at the meeting so committee members and the public can view them. It is also very important for the public to be aware of the meeting date and to see what your project entails prior to the meeting, so we are also requesting that mailers be sent out to the neighbors. It would be greatly appreciated if you can provide us the requested docs **1 week** before the scheduled meeting date so we do not have to scramble at the last minute.

Below is a list of items we are requesting, the steps we are requesting you take, and the timeline. Feel free to contact the PLU Chair with any questions. **We appreciate you taking the time to provide us information about your project!**

Overview:

- **Provide us with a PDF copy of the docs you are presenting 1 week before the meeting. Your project will not be agendaized until we have received the PDF files**
- **Provide us with the mailers to be mailed to the residents 7-10 days before the PLU meeting (preferably 10)**
- **Print out 8 copies of your presentation and bring to the meeting**
- **Bring presentation board**
- **You will also need to make a presentation at the ENC general meeting about 2 weeks after the PLU meeting and bring 13 copies**
